

Fire**EX** ATEX Basic Training

Learn all the essentials of explosion protection - with lots of practical exercises

Date: **11-12 November 2025 + 13 November 2025 (optional) - each from 08:30 - 17:00**

Location: **Hotel ASTORIA, Hübelistrasse 15, Olten – near the railway station (10 minutes on foot)**

Target group: The training is designed to meet the needs of employees in companies and laboratories where explosion protection is relevant, in particular

- Safety officers and HSE specialists
- Plant technicians
- Operations managers
- Project engineers

No previous knowledge is required, but technical vocational training is an advantage for understanding the training content.

Content: **Day 1 & 2:**

- Essential regulations and standards
- Explosive atmospheres and Ex zones
- Safety characteristics
- Ignition sources and how to avoid them

Day 3 (optional):

- Construction explosion protection
- ATEX-related safety management

Language: The training will be held in German or English, depending on the participants' wishes. Please indicate your preference when registering.

Costs: **Day 1 & 2:** CHF 1'500 (excl. VAT)

Day 1-3: CHF 1'900 (excl. VAT)

Registration: [Click here for registering](#)

- Registration deadline 15 October 2025 (limited places)
- Training fee per person, incl. documents (data carrier in German or English), refreshments during breaks, lunch and training confirmation - 2 SGAS points per training day

Trainers:

Dr Georg Suter (training leader) is a Senior Consultant at FireEx Consultant GmbH. He has over 30 years of experience as head of a testing laboratory and as a developer of safety management systems, particularly focusing on explosion protection.

Dr Marc Scheid is COO of FireEx Consultant GmbH with over 20 years of experience in explosion protection in industry, federal authorities and professional associations. Collaboration in expert committees on explosion protection such as standardisation, VDI and ISSA; speaker at BG RCI and VDI; numerous publications on explosion protection.

Adrien Bisel is an ATEX consultant and sales manager at FireEx Consultant GmbH. He has over 30 years of professional experience in the field of safety data.

Terms and Conditions: By registering, the terms and conditions are bindingly recognised; upon payment, the participant is considered to be finally registered - there will be no further written confirmation. Cancellations must be made by e-mail; we charge a processing fee of 50% of the training costs for cancellations after 10 October 2025; it is possible to nominate a substitute participant by arrangement. You will be notified immediately, if this event must be cancelled for unforeseeable reasons. In this case you will receive a credit note for the next event. In exceptional cases, we reserve the right to change speakers and/or make changes to the programme.
